CAMPUS AND STAFF SUPPORT

Communications –

Serve Antioch with your specialized skills by volunteering with the communications team! Volunteers help with writing and editing, photography, videography and graphic and web design assistance. Communications volunteers who enjoy writing may also have the opportunity to write stories for Antioch's blog. If you are looking for a way to help support many ministries at Antioch, this is a great area to get involved!

KIDS AND YOUTH

Kids Ministry –

Antioch Kids Ministry is all about creating environments where kids can encounter God and have fun! Volunteers help do this through holding babies, acting in skits, leading worship, creatively teaching messages and more!

Youth Ministry -

Our Youth Ministry seeks to empower junior high and high school students to love Jesus, one another and those who don't know God. Our volunteers help cultivate a passion for Jesus in junior high and high school students by overseeing Lifegroups, discipling students and assisting in the basic production of various youth ministry events.

OUTREACH

Community Feast –

Every Thursday, we come together to share a meal with people in our neighborhood, have a time of worship and hear a message. Opportunities to serve at the Feast include welcoming and connecting with people that attend, assisting with the kids' program, preparing and serving the meal, set up and clean up. A background check is required for kids' volunteers.

STARS Mentoring Project -

STARS volunteers are salt and light to our city by helping change the trajectory of kids' lives through encouragement, healthy relationships, academic support and serving as positive role models to children in our community. Volunteers meet weekly with a group of two to four students at their school during lunch to talk, eat and read a book together. You don't have to be a trained teacher or tutor, all you need is a heart to encourage students, help them along as they read and show interest in their lives. These practical ways of showing them the love of Jesus make a HUGE impact in their lives!
